WHAT TO TOSS

To figure out what to get rid of, ask these questions of the item. Use these as a guide, but ultimately you know your closet best.

1. Did you wear it? If not, why didn't you wear it? If yes, why did you wear it and how many times? Did you wear it less than 3 times? If so set it aside to think more deeply about keeping it.

2. Do you feel you will wear it again next winter? If yes, set in the keep pile. If not, set it to be let go. Sometimes the weather never allows us to wear something so keep it one more season and see how you feel about it.

3. Do you feel your best in the piece? If yes, keep it. If not, toss it.

4. Do you feel the piece really is what you hoped? Sometimes we buy a piece for an essential and though we wear it there were things about it that we didn't like. Now is the time to get rid of it if you weren't happy with it and instead, look for end of season sales to fill its place for next year.
